## **Elliot Jackson - Drop the Mic** **Scott Secco**

Elliot Jackson has sneaky superpowers. You might know him for his commentary skills as one of the voices of RedBull TV's mountain bike coverage. Or you might know him from his amazing community-building and advocacy efforts with Grow Cycling. Or you might know him as being one of the most badass riders to ever scrub-whip a mountain bike. Yeah, not as many people know the last one as they probably should. That's because Eliot took a backseat from racing some time ago and then transitioned to all the other good work that now gets him out of bed in the morning. (2024, Canada, 2 min)

## **The Bird in My Backyard (2024 Best Short Film)** **Ryan Wilkes**

The Bird in my Backyard follows a window salesman turned hummingbird expert as he documents the secret lives of the hummingbirds that nest in his urban backyard. (2024, Canada, 20 min)

## **Wild Days (Tour Edit) (2024 Best Film - Snow Sports)** **Yohan Guignard**

Four friends from Savoie have a crazy idea: 50 days of self-sufficiency in Alaska's Denali massif. Wild Days takes us overland on a gruelling overland journey to a place where time drifts, spirits wander off, and where friendships are created and then tested by commitment. (2024, France, 50 min)
