## DROP-OFF & PICK-UP

All MAC meetings happen at The Mountaineers Seattle Program Center, and most trips leave from there as well. While we do not arrange transportation for youth to and from the designated meeting place, we do encourage carpooling.

Transportation to and from the designated meeting place is at the sole discretion of the parent/guardian of each youth participant. If a youth takes public transportation, carpools with another family or otherwise transports himself/herself to and from the meeting location, the parent is responsible for making appropriate communication arrangements with the youth.

MAC monthly meetings begin at 7pm and end between 8pm and 9:30pm (except in special circumstances which will be communicated in advance). Youth who need to leave the meeting early are expected to communicate their plans to Mountaineers staff. At the end of the meeting, all youth are dismissed without further supervision or monitoring. Mountaineers staff will stay at The Mountaineers until all youth have left.

MAC trips begin and end at varied times. Youth are expected to show up on time at the trip meeting place. At the end of the trip, youth will contact their families and/or the person they are expecting to pick them up approximately one hour prior to returning to the meeting place to communicate the estimated time of arrival. Mountaineers staff will stay at The Mountaineers until all youth have left.

I understand that it is my responsibility as the primary caregiver to ensure that my child is picked up on time, and that if I (or a designated pick-up person) am more than 10 minutes late, and The Mountaineers have not heard from me, program leaders will begin calling emergency contacts, beginning with the primary caregiver. After 3 hours, if The Mountaineers have not been able to reach any person at any of the contact numbers listed on the participant's paperwork, The Mountaineers will have no choice but to call CPS to arrange for a place for the child to stay for the night.

### PLEASE INITIAL ONLY ONE OPTION:

I approve The Mountaineers to release my child with the rest of the students, and trust my child to return home via transportation that my child and I agree upon. I DO NOT request that The Mountaineers monitor who my child leaves meetings and programs with.

I request that Mountaineers staff or volunteer leaders monitor who my child leaves meetings and programs with. My child may ride with the following adults ONLY:

## DRIVERS FOR TRIPS

*This sheet applies to transportation FROM a designated meeting spot TO a trip destination, including transportation to and from campgrounds and recreation sites, and RETURN transportation FROM the trip destination TO the designated meeting spot. This sheet does not apply to transportation to and from a designated meeting spot or to and from Mountaineers Adventure Club meetings.*

Mountaineers Adventure Club (MAC) trips and skills sessions outside of the Program Center happen because of the support of our parent chaperones and volunteer and staff drivers. Your child will often ride with other MAC parents, volunteers or Mountaineers staff during these trips.

All adults driving youth as part of a Mountaineers program must be at least 21 years old, carry a valid US Drivers License, carry a minimum of \$300,000 in auto insurance, and complete a background check. The Mountaineers will keep copies of drivers licenses, insurance policies and background checks on file.

When transporting youth, all laws must be followed without exception. This includes speed limits, seatbelt laws and not using cell phones unless pulled over in a safe location. Please refer to the MAC handbook for more information about our transportation policies.

### **Please select ONLY ONE option by initialing next to your choice:**

## The Mountaineers 2015-2016 ACKNOWLEDGEMENT OF RISKS

### AND WAIVER AND RELEASE OF LIABILITY

#### Youth Program Participants

**PLEASE READ CAREFULLY THIS ACKNOWLEDGMENT OF RISKS, WAIVER AND RELEASE OF LIABILITY AND SIGN BELOW ON THE SECOND PAGE.** THIS IS A TWO PAGE LEGAL DOCUMENT AND YOU MUST READ BOTH PAGES AND AGREE TO THE INFORMATION PROVIDED ON BOTH PAGES. The Mountaineers takes pride in our efforts to provide a safe and supervised program, but outdoor adventure by nature is not without risk. We do not want to diminish your enthusiasm for the experience; we want all participants to know in advance what to expect and what some of the potential risks are by participating in the camp program. The following describes some but not all of the risks.

- Slips and falls during activities at the Program Center and in the mountains can occur as a result of uneven ground, backpacking and hiking on slopes and paths with bumps, sharp sticks and exposed roots, climbing and hiking on loose, wet, snowy or icy terrain.
- While out of doors, participants may also be exposed to a variety of natural life including, but not limited to, marine life such as crabs, sea urchins, and jelly fish, plant life such as stinging nettles, flying insects such as yellow jackets, wasps and mosquitoes, other animals such as snakes, raccoons, goats and deer.
- While out of doors, participants may be exposed to hazardous conditions including but not limited to extreme heat, extreme cold, rain, snow, falling rock, exposed ledges, and steep slopes.
- Water activities may include swimming, rafting, canoeing, sailing and kayaking. All water activities have the danger of bodily harm, hypothermia and drowning.
- Participants may be responsible for helping with food preparation, and may be around outdoor cooking stoves, flammable materials, sharp knives and open fire.

Potential consequences of the activities include, but are not limited to broken bones, muscle tears, sprains, joint problems, or other orthopedic injuries, disabling head or spinal injuries, eye injuries, heart attacks, strokes, and other cardiovascular problems, heat exhaustion or heat stroke, allergic reactions, cuts, infections, burns, dehydration, mental anguish, hypothermia, drowning or other means of death.

Risks may include equipment malfunction or loss of control, collision of obstacles, variation of terrain, or unexpected actions by animals or other people. I understand that participants may act in a negligent manner that can contribute to injury to themselves or others, such as failing to maintain control, not acting within his or her abilities or not following the rules.

I acknowledge that The Mountaineers or its representatives are not responsible in any way for personal clothing, items or equipment that may be lost, stolen or damaged as a result of my participation in camp activities.

We, youth participant and parent/guardian, understand that it is the responsibility of each participant to participate in the whole program including activities of work, play, values and working together. We understand and support policies prohibiting participants from possessing or using tobacco products, alcoholic beverages, illegal drugs, marijuana, fireworks, knives and weapons of any kind. We recognize that participants must follow safety instructions, remain in areas designated by leaders, and refrain from behavior that is harmful to themselves or others. Failure to adhere to Mountaineers policies will be cause for participant's dismissal from the program without refund of fees. We acknowledge that we will be responsible for pick-up and transportation of our participant if dismissed early from the program.

# Disaster Preparedness

We live in an area where earthquakes, volcano eruptions or tsunamis can occur. While we all hope to be in safe locations when these events happen, we want to be prepared to care for your child should these or other natural disasters happen while your child is in program. Our staff are prepared to care for youth in our programs for an extended period of time should a disaster event make it difficult or impossible for parents to reconnect with their children. We have a communication plan in place using out of state partners in the event that local communication (cell service, land lines, etc) is interrupted. Please provide the information below to help us care for your child and communicate with you should this type of event occur.

Does the youth participant have any medical conditions we need to know about for long term care that may not be listed in their program forms?

Does the youth participant take any medication at home? Please describe the medication(s) and what to expect if the child cannot take the medication(s).

Please list an out of state contact who we can relay information to should communication be interrupted with you:
